INTRODUCING COMFORT PRO'S NEW WATCHDOG MAINTENANCE PLAN

New
ComfortPro, Inc.
WatchDog
MAINTENANCE PLAN

Employees, customers and clients alike expect a comfortable environment and that is what Comfort Pro's customers will achieve through the New WatchDog Maintenance Plan. This plan is a proactive and convenient way for customers to budget their maintenance needs while limiting unpredictable emergency situations.

We are excited to introduce the three **NEW WatchDog Maintenance Plan** options: Heating & Cooling, Heating Only and Cooling Only. And, the newest addition to our WatchDog Maintenance Plan is a Customer Rewards Program.

All WatchDog Maintenance Plans include: one or two precision inspections per year, priority service over non-plan customers, 50% off travel/diagnostic for heating and air conditioning, 10% discount on heating and air conditioning repair services, fast response and 24/7 emergency services, no overtime charges, maintaining and validation of manufacture warranties, help reducing the risk of costly breakdowns in the future, maintaining efficiency, maintaining safe operations, and improving comfort and reliability.

Now when you purchase a new WatchDog Maintenance Plan you will also be enrolled in the **Customer Rewards Program**. Through the program you will receive a 5% discount toward the purchase price to install a new heating and air conditioning system, humidifier, air cleaner, dehumidifier, water heater, and even duct cleaning. We have capped the savings at \$1,000.00.

The 5% discount will continue from year to year while you own a WatchDog Maintenance Plan.

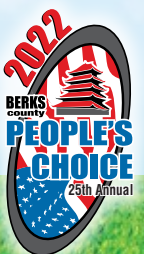

Our Rewards Program is our way to express our gratitude and to say thank you to all our great customers that have trusted and continue to trust Comfort Pro, Inc.

Are you currently enrolled in the WatchDog Maintenance Plan? You will continue to receive the benefits of your current plan until expiration.

Thank you again and we look forward to continuing to provide you with all your heating and cooling needs now and for many years to come!

MEET THE COMFORT PRO TEAM

Tim German joined the Comfort Pro team in September of 2011 as a heating and air conditioning installer. Prior to Comfort Pro, Tim worked as a heating and air conditioning installer at another service provider, where he obtained valuable experience that he brought with him to the Comfort Pro team.

Born and raised in Reading, Tim graduated from Exeter Township High School. While in high school he studied plumbing and heating at Berks Vo-Tech. He decided to join Comfort Pro after having a conversation with Craig Weisman. “My favorite part about working here is getting to teach the new apprentices and working alongside the job foremen,” says Tim.

Tim claims his greatest achievement was getting married to his wife, Joanne, and starting a family. He is a father to 29-year-old Timmy and 30-year-old Brittani, as well as a grandfather to 3-year-old McCauley. He loves getting to take care of his granddaughter and spend quality time with her.

During his time away from work, Tim enjoys visiting family in Cape May, New Jersey, or watching his favorite film, *The Green Mile*. He loves the springtime, when the temperatures get warmer, and winter has finally come to an end. Tim takes the beautiful weather as an opportunity to go fishing and just be outside. He’s also a big sports fan. As a Pennsylvania local, Tim supports anything and everything Philadelphia - The Eagles, Flyers, Phillies, and 76ers.

While we all scream for ice cream, Tim screams for pizza! Something you may not know about Tim is that he eats pizza five days a week! Wow that’s a lot of pizza!

“

My favorite part about working here is getting to teach the new apprentices and working alongside the job foremen.

”

CRAIG'S RECIPE CORNER

Meatloaf Memory

You'll need:

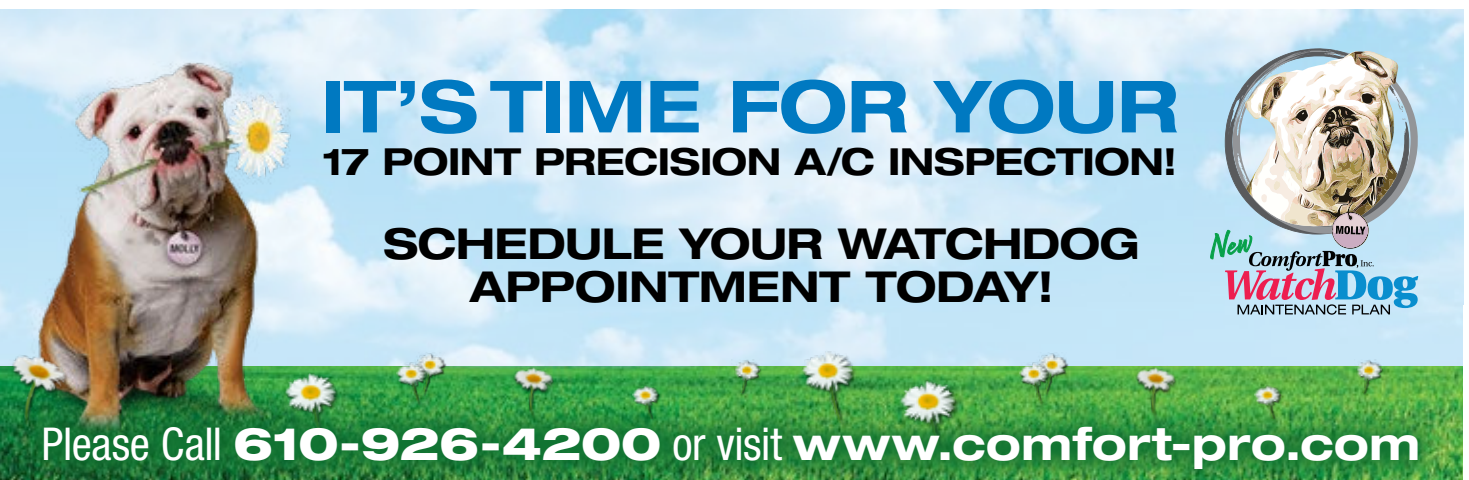

- 1 lb 93% ground beef
- 1 lb ground chicken breast
- 1 lb ground pork
- 1 green pepper
- 1/2 sweet onion
- 3 cloves of garlic
- 3 tbsp dried parsley
- 3 tsp Jane's Crazy Mixed-up Salt
- 2 tsp ground pepper
- 3 eggs
- 5 slices stale bread

Preheat oven to 350° F

Use food processor to chop bread into crumbs put in large mixing bowl, mince in processor, onion, green pepper and garlic, add to breadcrumbs. Start mixer on low or mix well by hand, add eggs, all the meat, Jane's, pepper and parsley mix till thickened. Form into loaf in 9x13 glass cake pan. Bake for 1 hr 30 min or until 180 degrees internal temp. Cover and let rest for 20 min. Slice and enjoy.

When I was in High School I worked at the Hitching Post in Sinking Spring, now it's a Wawa. For the last 35 years I have been trying to make a meatloaf that resembles theirs. It was my favorite meal there. This is my version of their meatloaf from 38 years ago. Hope you like it!

Molly's Yard: 4 Ways to Keep Your Four-Legged Friend Safe this Spring & Summer

Spring is in the air, you and your furry four-legged friend are ready to get outside and enjoy the fresh air! Here are four ways to make it safe for your best friend so you both can enjoy the fresh air all through the season:

MAKE SURE TO HAVE SCREENS IN YOUR WINDOWS

Now that it is getting warmer outside, you may have the windows open in your house. Your pet will most likely want a little bit of that warm breeze so they might hang around the windows. Always make sure to have screens in your windows to prevent them getting out if they see something they like.

USE PET SAFE FERTILIZERS AND PESTICIDES

It is time to start up that garden again, which means those pesky fertilizers. Make sure whatever chemicals you decide to use they are pet safe to avoid illness in your pet. Some pets are curious and will want to go dig up the garden, so always make sure you have something pet friendly so there is no need for worry.

HOT PAWS!!!

If the ground is hot for you, it is hot for your pet!! Their pads are very sensitive to cold and heat. They can burn their paws which is very uncomfortable for them if they step on a hot piece of ground. Watch where your pet is stepping, make sure it is on a cool surface so they do not injure themselves.

NEVER LEAVE YOUR PET IN THE CAR ON A WARM DAY

It may feel cool outside but cars will get very warm very quickly. Even with the windows down, your car can reach up to 120 degrees Fahrenheit in only a few minutes. Pets only sweat from their paws, which means they will start to pant to try to cool down.
